

As a resident of Kettering and the Dayton area, I listen to KLOVE. It is the only station of it's kind that I have found in this area. It is a joy to be able to listen to the programming anywhere I go. Work, car, home, on road trips. This is positive, encouraging music and programming that is good for everyone. It is also the kind of programming that can be listened to by any age. I am concerned to learn

of the possible expansion of LPFM and it's able to knock KLOVE out of my area. Even more concerning is that it might subject this area to programming that isn't fit for any age to listen to.

Please do not allow the LPFM expansion to take place.
